UNFPA hereby solicits a quotation for the following service:

Improving Sexual and Reproductive Health and Rights for Persons with Disabilities under the Framework of UNPRPD Project

I. Service Requirements/Terms of Reference (ToR)

● Background information

UNFPA is the United Nations sexual and reproductive health agency. It works in more than 150 countries including China, to ensure every pregnancy is wanted, every childbirth is safe, and every young person’s potential is fulfilled.

For UNFPA, achieving universal sexual and reproductive health and rights (SRHR) for all is a priority. At the global level, in 2016, UNFPA launched the WE DECIDE global programme to promote the empowerment and rights of women and young persons with disabilities. In 2018, UNFPA launched a global study “Young Persons with Disabilities: Global Study on Ending Gender-based Violence and Realizing Sexual and Reproductive Health and Rights” and “Guidelines on Providing Rights based and Gender Responsive Services to Address Gender Based Violence and Sexual and Reproductive Health and Rights for Women and Young People with Disabilities”. In 2023, UNFPA launched the TOT Curriculum of “Our Bodies, Our Rights! Addressing Sexual and Reproductive Health and Rights and Gender-Based Violence for Women and Young Persons with Disabilities: An In-Person Workshop/A Virtual Workshop Curriculum for Organizations of Persons with Disabilities”.

UNFPA China has been actively advocating for improving sexual and reproductive health and rights (SRHR) of persons with disabilities (PWDs) in the past few years. From 2020-2021, in partnership with Rehabilitation International, UNFPA China conducted a series of activities to strengthen and improve sexual and reproductive health and provision of gender-based violence information and services for women and young people with disabilities both in the Asia-Pacific region and China in support of the full realization of disability inclusive development. UNFPA is committed to continuously advocate for the SRHR of PWDs.

From 2024-2025, UNFPA together with UNESCO and ILO will work together to implement the United Nations Partnership on the Rights of Persons with Disabilities (UNPRPD) in China with support from the UN Resident Coordinator Office, to ensure the rights of persons with disabilities are fully respected, protected, and fulfilled, and to address issues such as accessibility, education, employment, sexual and reproductive health needs and services.
